Worker killed in Stennis blast, another injured

BY D.C. HARVILL

An explosion at Stennis Space Center Thursday left one Picayune man dead, and sent another to a Slidell hospital.

Shortly after 1 p.m. an explosion occurred in the National Oceanic and Atmospheric Administration's National Data Buoy Center claiming the life of Russell L. Phillips, 26. Kenneth McDonald, 32, remained in stable condition Friday afternoon at North Shore Regional Medical Center in Slidell.

Hancock County Coroner Harold Stiglet said he pronounced Phillips dead at 2:35 at the scene of the explosion.

"Autopsy reports from pathologist Dr. Paul McGarry are pending," Stiglet said.

Stiglet did say, however, that at this point in the investigation it appears Phillips died from multiple injuries, including head injuries.

According to Stennis Public Affairs Officer Mack Herring, the explosion apparently occurred while the men, both employees of a support contractor, Computer Sciences Corp., were working on a six-meter weather buoy in the Industrial Operations Section of a hanger building occupied by the NDBC.

The Navy Oceanographic Meteorological Device, or NOMAD buoy this men were working on is a self-contained unit with a boat-type hull designed to be moored in offshore waters in the Gulf of Mexico and around the world to col-

lect data on environmental conditions for use in weather forecasting and other research.

Herring said he was not sure of the details of the explosion but believed the buoys are refurnished at the hanger and that they are usually lifted at sea for two years before being towed in for repairs.

Herring said the cause of the explosion was currently unknown, but a investigative board has been assembled.

He did speculate, however, that "A lot of painting probably takes place there and the buoys are equipped with a large bank of batteries to power the instruments they carry. There could have been contributing factors in the explosion."

Diboll wants new vote on amended school budget

BY DENA BISNETTE

A Bay St. Louis-Waveland School Board dispute can be solved by changing a line item in the 1988-89 amended budget.

The dispute is over money being spent for public information. Superintendent of Education Roger Oge said, calling the matter "an honest difference of opinion" between himself and the board.

Board President Betty Diboll explained that she approved the amended budget without realizing that the \$8,000 in it for public information included a \$1,500 reimbursement for Robert Seaton.

Diboll has explained that while she has nothing personal against Seaton, she had disapproved of the reimbursement at an earlier board meeting and would have voted with board members William Bradley and Linda Penrose against the amended budget had she understood the \$1,500 was part of the amendment.

She said she will change her vote, although she has no objections to the other items included in the full amendment.

She said a meeting to handle the matter has not been confirmed due to the Mississippi School Board Association's

meeting in Jackson next week. Oge stated that a tentative date for the meeting is Oct. 31 at 7 p.m.

District Business Manager Garland Cuevas said he has received no instructions from the board regarding deletion or addition of any particular items in the amended budget.

The procedure for making such a change is not difficult. The board would have to vote regarding the line item in question.

He explained that the \$8,000 is all in the district maintenance fund but is divided into two segments, \$5,000 in the superintendent's office budget for printing and \$3,000 for public affairs research.

The reason for amending the budget in the first place, he said, was to bring expenditures down \$75,202 because the amount of revenue the school district had expected to receive from the city of Bay St. Louis will not be as high as anticipated.

Oge said the reimbursement he proposed for Seaton is for the cost of copying and purchasing various sorts of information regarding school systems, as well as his work with the alternative school committee.

"The board has full authority to amend the budget in almost any fashion they see fit. It's simply a matter of an honest difference of opinion between the board and the superintendent on the manner in which the public should be informed of the happenings in the school district and the degree to which the district should do its part in enhancing community growth and business development," Oge said.

Slidell authorities say that three suspects in the Oct. 14 murder of Waveland teacher William H. Beebe will return to Louisiana to face charges.

Slidell Police Chief Max V. Rodriguez said the three were arrested in southern California and include Vinnie McGuire, 36, Richard Keeton, 45, and Timothy Ashcraft, 36.

"Mr. Seaton, as far as I am concerned, does not represent the school district," Diboll stated, explaining that Seaton was simply a volunteer who offered three years ago to donate some of his time to the school district.

"I am not against public information," she added. I do

want the public to know what's going on, but I want to know who's doing it and how much they're spending."

"Let's put out some students who can read and write well, that's the best public relations we can have. That's what the public is going to judge us on," the board president stated.

Three suspects arrested

They were arrested Sunday and reportedly agreed Thursday not to fight extradition. Slidell authorities have warrants on the three on charges of murder, armed robbery and theft, but do not know when the men will be extradited.

Beebe, 29, was found in a Slidell motel room. Police said the man had been beaten and strangled and that his wallet

and car were missing. The three suspects were arrested because they had Beebe's car, a police spokesman said.

Beebe taught business accounting at Delgado Community College in Slidell and University of Southern Mississippi's Gulf Park campus in Long Beach.

A grandchild is a gift from God, blessed by the angels above, someone Grandma can brag on, someone to sing a song. You see, I lost my first grandchild. He was a little boy, so fair and sweet, and so complete. He filled my heart with joy.

Our time together was very short, so many things unsaid. I wanted to tell him about old times and all about the land. I wanted him to walk along the beach holding Grandma's hand. He would have loved to see a bird or a monkey in a tree, you know. I feel I lost a lot, not bouncing him on my knee.

He lives in a land free from pain, war, and poverty. His fields are green, his waters blue, his skies are clean, you see.

His home is up in heaven with all the angels fair. I must be good and watch my way, so I can get back home, my grandchild will meet me there and take me by the hand.

What little boy so fair and sweet will take Grandma to his grave with all the family there. We will smile and all be gay on that golden, sunny day.

Justin, you are Grandma's heart.

Love,

Grandma

Mrs. May Martyn Watkins of Carriere; two sons, Brian Watkins and Larry Watkins, both of Picayune; a daughter, Mrs. Brenda Blye of Picayune; two brothers, Walter Watkins of Bay St. Louis and Junior Watkins of Tacoma, Wash.; two sisters, Tunice Watkins of Poplarville and Rena Pierson Bilbo of Ceasar; and nine grandchildren.

Services were Saturday at 2 p.m. at Union Baptist Church with burial following in Ceasar Cemetery.

McDonald Funeral Home in Picayune was in charge of arrangements.

COOKIN' GOOD

By Mrs. Douglas

Pasta With Mushroom And Meat Sauce

Here's a dish that's perfect all year round. To serve six, you'll need:

3 slices bacon
1/2 lb. hot Italian sausage
1/2 cup chopped onion
1 can (8-ounce) tomato sauce
1 tomato, chopped
salt and pepper to taste
1 cup finely chopped mushrooms
1 can (10 ounces) beef broth
1 lb. your favorite pasta, cooked and drained
1 cup shredded Cheddar cheese

Preheat oven to 350°F. Fry bacon until crisp. Drain on paper toweling and crumble. Set aside. Remove casings from sausage. Crumble. Add onions, ham and sausage to bacon drippings. Sauté lightly, add tomato sauce, tomato, salt and pepper. Cover and simmer for 20 minutes. Add the mushrooms, bacon and broth. Simmer 15 minutes longer. Arrange layers of cooked pasta, sauce and cheese in a two-quart casserole, ending with sauce and cheese. Bake at 350°F for 15 minutes, or until the cheese is bubbly. Serve immediately with a green salad, and a dry, red wine. Lots of crusty bread, of course. ©1988, McNaught Synd.

COUNTY AGENT NOTES

By Lee Taylor

Our pecan harvest will be small this year from what I've seen. Dry weather, excessive rainfall and a fungus disease called scab have taken their toll. Insects on pecan trees have not seemed to be that much of a problem this year.

If you should have pecan this year, by all means harvest them as soon as they fall. Pecans left on the ground for any length of time decay fairly quickly. Should you have diseased pecans and leaves, they should be raked up and burned or removed from your property as soon as possible.

You should plan now to fertilize your trees next spring and next summer. A fall soil test is the best way to see what type of fertilizer you need and the amount. Lime is sometimes needed for pecans and a soil test can determine this for your trees.

Fall is an excellent time to plant trees. The soil is still warm and roots will do some growing prior to the dormant season. Some pecan varieties to consider are Elliott, Candy, Forkert and Jackson.

Swine Production

Swine producers should start now to prepare for winter. If sows farrow on cold chilly days, chances are you're going to lose some baby pigs. Most baby pig deaths occur during the first week of life. Death is usually initiated by cold drafts. Someone once said you should take off your clothes and lay them where the baby pigs have to stay. If you're the least bit chilly, then you know how they feel. A heat lamp hung approximately 18-20 inches from the floor usually supplies enough heat for the pigs.

Preparing the farrowing barn for winter should begin now also. Rolled plastic sheeting does a good job and allows light to enter.

It's also a good idea to prepare pipes and waterers ahead of time for freezing temperatures. It's a lot easier to do it now while the weather is still warm than to have to repair it when ice is on the ground.

Bay astronomy class tours Marshall Facility

Bay High astronomy class of Bay Senior High School spent a night in space at the Space and Rocket Center in Huntsville, Ala. on Oct. 13 and 14. The trip included a tour of NASA's Marshall Space Facility, where students toured the 40-foot Neutral Buoyancy Simulator Tank, which is a large water tank for astronaut underwater training for space walks. Students also toured the facility and a replica of Space-lab, as well as many rockets, one of which put Alan Shepard into space, and one of America's biggest and most historic, the Saturn V rocket which ventured to the moon. Test sites were visited where many of the parts of the shuttle are tested including the shuttles' famous 'O' rings. The Mar-

shall Space Center is also the location for the designing of 1990's Space Station. The Space and Rocket Center is a hands-on place, located on the grounds of the Marshall Space Facility. There are dozens of exhibits inside Earth's largest space museum, such as firing a model rocket engine, taking control of a moon lander, control of gyro chair, stacking cubes with a robotic arm, trying on a space helmet, and snacking on freeze-dried ice cream, and much, much more. 'Space Camp,' as it is sometimes called, also featured a movie in the 'Spacedome Theater' on the Shuttle program, stretched out on a room-sized screen. Rides were also available to students like the 'Space Walker,' which lifts you into the sky, the 'Shuttle Liner,' the next best thing to being in space, 'Centrifuge,' where one can feel the tug of 3 G's, and the dizziness of the 'Multi-axis Trainer.'

"QUOTABLE QUOTES"

By Ellis C. Cuevas

Fall is the time of year when many folks enjoy fishing as it is, a little cooler than in summer.

I walked out on the Ulman Avenue Pier and watched several folks make a nice catch of mullet this week.

This is the time of year when mullet have roe and many folks really enjoy them while they are fresh. I enjoy mullet and their roe and even the gizzards.

I know there are many folks who will not eat mullet, but apparently they haven't tried them when fresh and cooked properly.

There were also a couple of fishermen catching some white trout off the Bay Pier.

While on the subject of fishing, I have been trying my luck from the Waveland Pier and have been catching a few white trout. One fisherman caught three flounders last Sunday morning off the Waveland Pier which weighed a total of ten pounds.

My brother Raymond seems to be lucky at catching flounders from the pier, too. Of course, he tries them just about every day.

I wish everyone who tries, good luck at fishing.

Oyster fishermen have been busy on sections of the St. Stanislaus and Waveland Reefs with the opening of the oyster season.

Portions of the St. Stanislaus and Waveland Reefs were recently planted with shell materials and the areas have been marked-off with PVC pipes.

The oysters appear to be about average size this season, but are scattered according to several fishermen I have spoken to.

Limits have been placed again this season on oyster fishermen, with the limit being only three sacks a weeks for recreational oystermen.

Commercial oystermen are allowed six sacks per tonging boat, and ten sacks a day for dredge boats.

Oystermen have to check in with the Bureau of Marine Resources before leaving to oyster and upon returning for every trip.

Special tagging instructions have to be followed by those catching oysters.

Since I have eaten oysters as long as I can remember, I also enjoy them, but not too much raw.

We have noticed the very clean appearance of the Cedar Rest Cemetery in Bay St. Louis in preparation for All Saints Day.

This is the time of year when most folks begin to clean the grave sites of their loved ones in the cemeteries of the area.

There are many cemeteries throughout the county and we have seen some, as well as family burial plots, which have not yet been cleaned.

It will only be a few days and All Saints Day will be here, as November is only a short time away.

While on the subject of the time of the year, next Sunday we will be turning our clocks back one hour.

This will give us more time in the mornings, but less in the afternoons.

I just hate those days when it is almost dark at 5 p.m., as I like time in the evenings.

Of course, the time change is best for children who have to catch buses early in the mornings.

No matter how the clock is set, there is still only so many minutes of daylight in a day and the time will be shorter for several more weeks.

STENNIS AIR SHOW—Appearing at the October 29-30 Gulf Coast Air Show will be the Christen Eagle, a popular aerobatic plane. The aircraft can execute a 360-degree roll in less than two seconds. It will be one of many featured at the two-day event sponsored by the Experimental Aircraft Association Chapter 479, a group of Gulf Coast aviation enthusiasts.

Former supervisor states beat system encourages graft, thievery

A former rural county supervisor says that counties which vote Nov. 8 to retain the traditional beat system of county administration will continue to have a "19th century horse and buggy vehicle" for the delivery of county services.

Brevik Schimmel, formerly of Rolling Fork, who now lives in Jackson, spent 12 years as a supervisor in tiny Sharkey County, which operated under the beat system.

In a recent interview, Schimmel, who served on the Sharkey County board from 1968 to 1980, called it "indefensible on any rational basis" for counties to divide functions of the county board among five separate districts.

The fragmented beat system not only "encourages graft and petty thievery" the one-time supervisor said, but causes supervisors to put too much emphasis on road maintenance at the expense of the overall needs of the county.

"It focuses on roads and ditches to the relative neglect of education, health, law enforcement, recreation, environment, justice, taxation, finance and, very importantly, economic development," said the former county official.

Schimmel said he agreed with Gov. Ray Mabus that conversion to the unit system of operating county government should be nominal in most counties.

"I think whatever costs there might be in making the transition would be offset by the savings in the reduction of personnel and equipment," the ex-supervisor declared.

He termed "absolutely ridiculous" estimates of individual counties ranging mostly around \$450,000 to as much as \$1.4 million as the additional costs they would incur to implement the unit system.

"Certainly those who have the authority in their county for its (the unit system) interpretation and formation will have considerable latitude as to the result and the cost," he said.

"They can distort both and make the unit system the scapegoat," Schimmel added.

"You've got to take all the authority for making purchases out of the hands of the individual supervisor," Schimmel said. While the implementation of

central purchasing in every county under House Bill 4 passed at the August special session of the Legislature is a step in the right direction, the former Sharkey County supervisor said "you still need the unit system for road construction and maintenance and providing the other services of the county."

Schimmel said he did not abide the oft-repeated assertion that operation of county government under a unit system takes it "away from the grass roots."

"You still have to answer to the voters in the next election in any case," he added. "The question should be what you can do to help the county, not just one beat."

In an apparent reference to State Auditor Pete Johnson, who has been perceived by some as having opened the door to supervisors to hurl cost barriers in the way of implementing the unit system, Schimmel said "some state officials perceive the Mississippi Association of Supervisors as a power base for re-election or advancement to higher office."

But Schimmel said he believed the day when the "courthouse ring" was a powerful political influence in Mississippi "has changed and most politicians are aware of that change."

Even if the unit system may be rejected in some counties in the Nov. 8 referendum on the issue, the former supervisor said he believed both county officials and the people will eventually come to it as a more efficient mechanism to provide their needs.

He also held out the prospect of political changes in county government coming following the 1990 census when counties will have to redistrict under the "one-person-one vote" doctrine. "Supervisors will be too busy with their own elections to have time to influence other elections," Schimmel declared.

The President's Column

Legislative victories

In the past few weeks, you and I and all Americans have won some major victories here in Washington. These victories did not come easily, but each will help shape our nation in the years ahead.

One of the most important has to do with the federal budget. Only once since 1948 has all of the budgeting of the United States Government been approved by Congress and signed by the President on or before the beginning of the fiscal year.

And too often, when the budget process has reached an impasse, appropriations have been dumped into massive continuing resolutions. The worst of these came along last year. Congress poured all of the government's appropriations into a single bill. The bill was 1,057 pages long, weighed 14 pounds, and arrived over two months after the fiscal year began. Not even Congress knew what was in it. I said in January that the next time Congress pulled such a stunt—never again.

I am happy to report that Oct. 1 marked the beginning of the fiscal year, and for the first time in years, all the government's budgetary work was done. The last of the government's 13 appropriations bills had been delivered to me, and I had signed them.

It was touch and go for a while whether we would actually meet the deadline. The appropriations bill for the District of Columbia provided financing of abortions, long after most other federal abortion financing had stopped. We said public money should not be used for abortions. Many liberals said it should be. We won.

The defense appropriations bill was also a close call. As you know, many liberals were opposed to our Strategic Defense Initiative. Why they would want to deny America a defense against nuclear missiles, a defense that the Soviets have been candid enough to say they are building for themselves—why the liberals would want to do that, I do not know.

They had, through various devices, restricted how we spent money on SDI research and development. These restrictions could have crippled critical parts of the program. But we got the restrictions removed from all bills, and research will go forward to find a way to end the nightmare of nuclear terror.

I hope this year's signal success proves historic and marks the end of the "Perils of Pauline" budget games Congress played for so long. Another recent historic accomplishment is passage of a bill implement-

ing the U.S.-Canada Free Trade Agreement. When similar legislation is enacted in Canada, North America will be on its way to becoming the world's largest open market.

Thanks in part to our successful policy, begun the day George Bush and I took office, of opening markets around the world to American goods, America is today in the longest peacetime economic expansion on record. Canada is also growing strongly. Opening our mutual border to uninhibited commerce will help that unprecedented expansion continue into the next decade and the next century.

We won one other major victory in Congress, and took a giant step toward reforming a welfare system that is a trap for too many of our fellow citizens. I have often said that genuine welfare reform must be geared to making people independent of welfare, and that means, among other things, that those who receive welfare must be required to work. Too many liberals have fought this idea every step of the way. But we prevailed, and the welfare reform legislation includes a work requirement.

Even as we can take pride in these great victories, a couple of other legislative battles continue to rage—over the textile bill, which I recently vetoed, and the drug bill. On the textile bill, the problem is that the bill is protectionist and would draw foreign retaliation against American products. With America exporting more than ever, protectionism means destroying American jobs, and I will not allow it.

The House-passed rug bill provides for a federal death penalty for drug-related killings. Liberals in Congress oppose the death penalty and other necessary improvements in the law and plan to kill the bill in the Senate. They have also recently cut funding for the federal agencies that enforce our drug laws.

It is time the liberals realized that the fight against drugs is not Pee-Wee's Big Adventure, but a serious and dangerous business. And our law enforcement officers should have all the tools they need to do their job. I urge the Senate to follow the House's lead and give America a strong drug bill. I urge Congress to act swiftly to restore full funding to drug law enforcement.

With your help, in the end, what is best for the nation will win out. It has in many ways in recent days. Let us hope Congress will do what is right on the textile and drug bills.

THE PEOPLE'S BUSINESS

A Weekly Editorial
From Mississippi Economic Council

Savings of unit system far outweigh costs

One of the arguments against implementation of the unit system has been the high cost of switching from the beat to the unit system. However, upon closer examination, indications are that any costs that may be incurred in making the transition pale in comparison to the savings that are to be enjoyed under the unit system.

Tony Smith, president of the Copiah County Board of Supervisors, said that "since implementing the unit system, the number of men on the work crew has been cut from 48 to 30."

"Another adjustment was the auctioning off of \$160,000 worth of surplus equipment which we had as a result of reducing the number of barns from five to two," Smith said.

Coahoma County, which operates under the unit system, spent \$872,000 during a 10-year period for the purchase of new road equipment. During the same period, Lauderdale County, which operates under the beat system, spent \$1,775,000 for new road equipment. These figures indicate that Lauderdale County, which must buy duplicate equipment

for separate road departments, spent over twice as much for road equipment than did Coahoma County.

Larry Butler, county administrator for Tunica County which moved to the unit system in 1974, was asked to compare costs of maintaining roads under the beat system and the unit system.

"The last year that Tunica County operated under the beat system, an audit report showed that it cost the county \$700,000 to maintain the roads. Last year, we spent only \$600,000 doing the same job. This, in spite of tremendous inflation since that time, has meant a 300 percent increase in our cost," Butler said.

The cost of making the transition to the unit system is minimal compared to the savings. Just ask those who have done it.

Research works.

Q. How did the term "National Guard" first get used as a title for the U.S. militia?

A. The 2nd Battalion, 11th New York Artillery adopted the title "National Guard" in honor of Lafayette's celebrated Garde Nationale de Paris. The name was adopted during Lafayette's visit to the U.S. in 1824-25.

Hawks play-off bound for first time; win 35-8

BY DENA BISNETTE
For the first time in the history of the school, the Hancock North Central Hawks are on their way to the play-offs.

The Hawks assured themselves of a play-off berth by beating the George County Rebels 35-8 Friday night.

"We played hard. We played hard all night. We wanted this badly," Hawk Head Coach Irvin Favre said after the game.

"There was a lot of pressure on us going into this game. We're undefeated and ranked. We have the Bay High game next week, then we play D'Iberville for the district championship."

If Hancock wins against D'Iberville, the Hawks will host the first play-off game against the second-place team in District VI, Favre explained.

If the Hawks come in second in their own district, they will face the District VI champs at that team's home field.

Favre said Friday night was one of his team's better performances.

"We played well all night against a good football team. Our defense was especially good. We were able to shut down what they do best, which is the option," the coach said.

"We forced them to go with a different offensive approach, and it didn't work for them."

"We're all real pleased with our kids," he said.

Hancock promptly shut down the first Rebel drive by scooping up a fumble, setting the Hawks up on the George County 41. On the second down, Terrence Goff took the hand-off and ran past Rebel defenders for a 37-yard touchdown jaunt.

The Hawks went with Goff again for a two-point conversion on a running play, gaining an 8-0 lead with 3:51 left in the first quarter.

Hancock quashed another Rebel drive on the next series

when Guy Graham and Heath Necaie sacked the George County quarterback, leaving the Rebels to punt the ball away on a fourth down and 13.

Early in the second quarter, the Rebels got the ball back on a Hancock fumble, taking over on their own 17, but the Hawks were hunting revenge.

Hancock's Jeff Moran saw his chance when the Rebel quarterback dropped back to pass. Moran intercepted to set the Hawks up with a first and 10 on their own 17 yardline.

With only 53 seconds left in the half, a long run by Ronald Doyle brought the Hawks to the George County 23. Moran picked up two yards on a keeper.

It worked once—Moran tried it again, eating up another six yards.

With only 16 seconds left in the first half, the Hawks brought spectators to their feet by changing strategy and scoring on a short pass from Moran to Doyle.

After the PAT kick was called back due to a penalty, the Hawks made another switch—this time they ran the ball in for a two-point conversion and a 16-0 lead at halftime.

The Hawks scored on their first drive in the second half on a short run by Goff, who also added a PAT kick to increase the Hancock lead to 23-0.

The remainder of the third quarter was scoreless.

About two minutes into the fourth quarter, Graham intercepted a pass and returned it for 43 yards, stopping a Rebel drive to set the Hawks up on George County's 40.

Although that drive was unsuccessful, the Hawks spoiled the Rebels' next attempt when Doyle snatched up a George County fumble and returned it 23 yards for a touchdown, increasing the score to 29-0 with 7:16 left in the game.

The kick attempt was unsuccessful.

The Rebels, determined not to be shut out, scored once with

a 68-yard touchdown pass from Curtis Howell to Adrian Williams. A try for a conversion on a faked kick was successful.

George County trailed 29-8. With most of the spectators on their feet and cheering, Jeff Favre added a final touchdown

for the Hawks on short yardage with 2:27 to go. The PAT kick attempt was unsuccessful and the final score stood at 35-8.

ROCK PASS—Scott Heitzmann receives a pass as he tries to evade tackler in action against Riverdale last week. On Friday, St. Stanislaus, 2-5, will travel to Pass Christian, 1-7, for their next to last game of the season. (SSC photo)

Hornets sting Rocks

The St. Stanislaus Rockchaws' powerful offensive machine could not get into gear as the East Central Hornets handed the Rocks a 14-0 setback Friday night in a high school football game played in Hurley.

The victory insured the Hornets their first winning season since 1976, while the Rockchaws dropped their fourth straight ballgame.

East Central displayed the elements of a solid, well-coached football team whose defense seemed to have done their homework in scouting the Rockchaw offensive tendencies.

SSC QB Cedric Smith, leading the Gulf Coast in touchdown passes, was harassed the entire evening by blitzing East Central linemen, particularly inside linebacker Allen Rudolph.

The Rocks had 182 yards of total offense, and managed seven first downs. The punting of Rudolph continually had the Rockchaws beginning their

offensive drives deep in their own territory, as he averaged 53 yards on four punts.

After a scoreless first quarter in which neither team seriously threatened to score, the Hornets struck paydirt on a double-reverse bomb with QB Stacy Simmons finding his little brother Tim Simmons wide open for a 60 yard TD strike. Rainer Shattles extra point split the uprights and East Central led 7-0 with 1:44 remaining in the first half.

In the third quarter, SSC was unable to mount any substantial drives, but got a big break when the Hornets roughed punter Craig Sweeney giving the Rocks a first and ten at the East Central 47 yard line.

A mishandled pitchout on second down by the Rocks was recovered by Rudolph and East Central took possession at their 48 yard line.

The Rockchaw defense played hard and aggressive the entire evening, stopping the Hornets veer-option running

attack. Whenever the Hornets looked as if they would take control of the contest, SSC's defense would rise to the occasion and shut down East Central.

After SSC's defense dug in and stopped the Hornets on fourth and two, the Rocks took over near midfield.

But SSC could not muster a first down, and when the Rocks fell a yard short on a fourth down attempt to make a first, East Central mounted their only offensive drive of the second half.

Starting at their 46 yard line, Hornet running back Jason Hudson blasted through the center of the SSC defense for two consecutive first downs.

Facing a fourth and five at the SSC 15, Hudson drove off right tackle for a key first down and was stopped at the SSC 9 yard line.

QB Simmons called his own number on the next two plays, and scored the clinching touchdown with 2:35 left in the contest.

Shattles extra point was good and East Central increased their lead to 14-0.

SSC desperately tried to move the ball as Smith found ends Ken Booker and Scott Heitzmann open and advanced the ball down to the East Central 37 yard line.

Smith's pitchout to Ascani was mishandled, and East Central's Lowery Smith fell on the football with 1:34 left to seal the victory for the Hornets.

The Rocks record fell to 2-5, while East Central is 6-2.

SSC has two important ballgames remaining, as they travel to Pass Christian to play the Pirates next Friday night.

Quail management problems studied

In late Summer a meeting was held between the state Department of Wildlife Conservation and organizations interested in developing habitat for bobwhite quail along powerline and utility right-of-ways.

Held at the Mississippi Power and Light lodge in Jackson, the meeting got underway with an overview by the Department of Wildlife Conservation on current plans in developing a statewide quail management program.

Department biologists outlined programs for implementing small game habitat development, conducting quail management short courses, developing food plots, and more intensively managing quail on selected state wildlife management areas.

Biologists say that habitat for bobwhite quail and other small game animals have been declining in recent years. Changing land use and forestry practices have made for fewer

suitable acres for quail.

Those attending the one-day event heard biologists discuss a number of vegetative management techniques that impact wildlife food plants.

Other topics discussed included herbicides, maintenance schedules, fertilization, plant species, and cost-sharing, all geared to powerline right-of-way management.

Those in attendance represented Mississippi State University, U.S. Forest Service, gas and utility companies, timber companies, and Quail Unlimited.

Figures from the Department of Wildlife Conservation in Jackson show that quail hunting each year attracts over 40,000 hunters who harvest in excess of 600,000 birds.

This year quail season opens Thanksgiving Day and continues through Feb. 28. The daily limit is 12 and the possession limit is 24.

Second dove season opens

The second dove season got underway in Mississippi this past Saturday, Oct. 22. Conservation officials in Jackson say this season will continue through Nov. 12.

The dove seasons are some of the most popular shooting seasons in the Magnolia State. By the time fall weather and cooler temperatures arrive, hunters are ready for a change of pace of activities.

And each year figures from the Mississippi Department of Wildlife Conservation show that dove hunters really enjoy themselves.

On the average each year some 116,000 hunters harvest well over three million mourn-

ing doves. This brings the overall success rate to over 93 percent.

The average daily take of doves is six and the average hunter takes nearly 26 birds during the three-season period. They hunt a total of over 445,000 man-days. That's enjoying your sport.

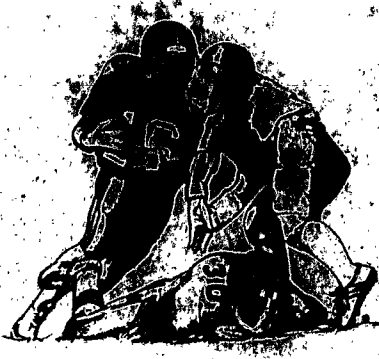

As a reminder, dove hunters must have their shotguns plugged and incapable of holding more than three shells. They must have a valid license signed and on their person before going afield.

Shooting hours are one-half hour before sunrise until sunset.

How do you write a Classified Ad that gets Results?

Be Thorough
Sure you want your ad to stand out from the rest, but don't skimp on the sort of information that sells. The item's condition, size, age, brand name, and color are some of the basics readers want to know. Without them, your ad may be passed by.

Steer Clear of Abbreviations
OK, so you want to include all the important basics, now don't confuse your reader by using strange abbreviations. What is perfectly clear to you may be perfectly unrecognizable to someone else!

Be Honest
Exaggerating your item's finer points may bring in a lot of responses, but a buyer who's misled won't appreciate it—and will take his business somewhere else.

State Your Price
The cost of an item is one of the most important concerns of Classified readers. Ads showing prices are ones which get results. Giving a price also serves to "weed out" those buyers not in your price range.

Be Accessible
Including a telephone number or address puts you in touch with potential buyers. Be sure to state the hours you can be reached: a caller who can't get through the first time often won't call again.

Don't hesitate to call us with any questions or problems you may have. Our professionally trained sales staff know the ropes, and would be happy to provide you with how on to you. That's why we're here to help you get the results you deserve.

Bustetter seeks re-election to Hancock School Board

Carol Bustetter of Diamondhead, the incumbent District 3 Hancock County school board member, has announced her candidacy for re-election to a full term position in the Nov. 8 general election.

Bustetter, 50, was first elected to the post last November in a special election called to fill the unexpired term of Tommy Shaw, who resigned.

Bustetter and her husband, Hugh, a retired U.S. Air Force officer, reside at 7617 Fairway Drive.

Carol is a retired school teacher, with 27 years teaching experience, including two years at Gulfview Elementary. She holds a bachelor's degree from Dominican College in New Orleans, master of education and reading specialist degrees from the University of New Orleans and a Montessori degree from Fairleigh Dickinson University in Teaneck, N.J.

She has served as a state school accreditation committee member, is experienced in school textbook selection and was the Jefferson Parish, Louisiana Kindergarten Resource coordinator in 1971-72.

CAROL BUSTETTER

During the past year, she completed a teacher-administrator legal rights and

responsibility course at the University of Southern Mississippi and attended numerous state and national school board workshops and conferences.

"This is a very demanding and time-consuming job which requires genuine commitment to the high quality education we want for all our children. I am firmly dedicated to that cause, and during my tenure, I have attended every regular and special school board meeting. I have solicited and utilized the ideas, views and opinions of students, teachers, administrators and concerned parents and citizens of the county in formulating my board decisions," Bustetter said.

She added that she is particularly interested in the Adopt-a-School program, in improving the district's computer-assisted program, in providing remedial education courses for all students, in an organized recognition of success for teachers and students, in a well coordinated staff development program, and in continuing the maintenance and upgrading of school facilities.

"Our test scores have been good, but we need to strive for even higher achievement levels," she said.

Bustetter concluded, "I sincerely believe my qualifications have been greatly enhanced by my recent additional studies and my experience as an active school board member. When re-elected, I pledge to continue my efforts to improve the quality of education in our county and state."

(Bustetter is opposed by Louis M. Ladner and Johnnie Richard).

Nov. 21 named Military Families Recognition Day

Senator Thad Cochran says he is pleased the Senate has adopted his resolution designating Nov. 21 as "National Military Families Recognition Day."

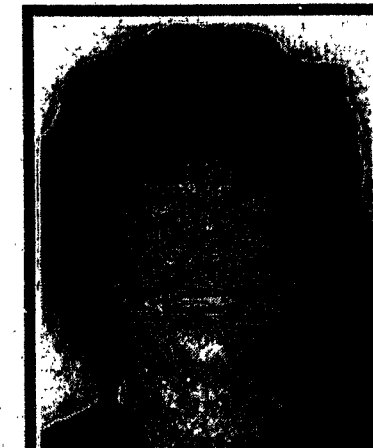

Cochran stated, "There are nearly three million active duty families. In fact, 75 percent of all officers and 60 percent of all enlisted personnel are married."

"Military families deserve special recognition for the sacrifices and hardships which affect each family member. Periodic and extended separations from their military members is the norm. Military personnel are reassigned an average of once every two years."

"This means that the families are continually moving, thereby limiting job opportunities for spouses and limiting their ability to establish roots in any location. Military children must adjust to new school systems and new surroundings only to be uprooted once again. The contributions of these military families to our nation's defense should be recognized. We owe a special debt of gratitude to these supportive military families and the role they play in maintaining a happy, healthy environment for our service members at home and abroad."

Cochran's resolution would designate one special day to pay tribute to military families during "National Family Week." The measure, Senate Joint Resolution 337, had 63 cospon-

sors, Cochran pointed out. A similar proposal has been introduced in the U.S. House and is awaiting action there.

Garber announces election commissioner candidacy in Beat Two

SANDRA GARBER

Sandra Garber of Waveland has announced her candidacy for Hancock County Election Commissioner, Beat Two.

Garber, 49, is currently the county's veteran's service officer, a post she has held for the past two years. She was previously employed for four years as bookkeeper for T.G.&Y.

She is also experienced in the construction field, having operated a contracting business for many years with her late husband, Harry Garber.

The candidate has two sons, Steve Garber and Jeff Garber, both of Waveland; and one

daughter, Deborah Garber, who is attending Georgia State University in Atlanta, Ga.

Garber's civic and professional memberships include State Veterans Service Officers Association, Board of Directors of the Hancock County Chapter of American Red Cross, Disabled American Veterans, Veterans of Foreign Wars and American Legion Auxiliary. She is also a member of Gulf Coast Worship Center in Long Beach.

"I appreciate your support in this election and I promise to do a good job for the people of Hancock County."

CONSUMER UPDATE

Medicare's new coverage listed

By Janet K. Lukens

Area Consumer Management Specialist

The new law expanding Medicare coverage should spell savings for the 32 million Americans protected by the program. Listed below are the annual out-of-pocket medical expenses under the new Medicare law and their effective dates.

Hospital. Effective Jan. 1, 1989, you pay the first \$564. Medicare pays the rest.

Doctor. You pay the first \$75 and 20 percent of the next \$6,475 of the doctor bill, effective Jan. 1, 1990. Medicare pays the rest of all allowed costs.

Prescription Drugs. If you're not hospitalized, you pay the first \$600 for drugs and 50 percent of any additional costs. (Your share drops to 40 percent on Jan. 1, 1992 and 20 percent on Jan. 1, 1993). Medicare pays the rest and all the cost of drugs while you're in a hospital, effective Jan. 1, 1991.

Skilled Nursing Home. You pay a maximum of \$164 the first 150 days and all costs beyond that starting on Jan. 1, 1989.

Even with the expanded coverage, significant gaps remain that, unless you are eligible for Medicaid, you will have to pay yourself or cover with additional insurance. If

your Medicare gaps are already covered by additional insurance, you may wish to continue with your present coverage until the new law takes effect.

If you have questions about the law, call the Health Care Financing Administration's special toll-free number, 800-888-1770.

THE WORK WITH YOU CANDIDATE:

KELVIN SCHULZ

SUPERVISOR - DISTRICT 4

It has been written that some people pretend to see the light when what has really happened is that they felt the heat.

My candidacy for Supervisor is neither the result of having suddenly seen the light nor the result of having suddenly felt the heat. It was not a sudden decision, undertaken recklessly, nor was it the other kind - the kind prompted by the candidate's wife's desire to get said mate out of the house.

I am committed to this candidacy simply because I think I can do the job and would like to do it. I don't believe in drafting candidates. Someone who has to be goaded or cajoled into running, perhaps by special interests, simply doesn't bring to the office the enthusiasm and the confidence that any office requires if the people are to be well served.

I am a Hancock Countian, and I am here with offering my own enthusiasm,

my own confidence, and my own candidacy - obligated to no political faction - to the public of Hancock County.

Who am I? - Kelvin Schulz, a Bay St. Louis businessman and candidate for District 4 Supervisor of Hancock County. I am a Real Estate Broker & Appraiser, and I own and operate the Big "E" Grocery & Seafood Co.

I reside at 600 South Beach Boulevard with my wife the former Emily Mollere, and our three children: Alicia (7), Alison (4), and Buddy (10 mos.). My wife is a Registered Nurse with a Bachelor of Science degree in Nursing from the University of Southern Mississippi, and she is a Home Health Nurse for South Mississippi Home Health Corporation.

I graduated from John F. Kennedy High School in New Orleans and studied Industrial Technology at the University of Southwestern Louisiana in Lafayette. I have also completed course work in Management and Real Estate at the University of Southern Mississippi, and I recently was awarded the Certified Real Estate Broker designation by the Realtors Institute.

I am a charter member and past president of the Hancock County Exchange Club, member of the Board of Directors of the South Mississippi Exchange Club, Prevention of Child Abuse Center, third and fourth-degree member of the Knights of Columbus Pere le Due Council, and member of the Waveland Civic Association, the West Gulf Coast Board of Realtors, the Firemen's Charitable Benevolent Association, and the St. Stanislaus Sideline Club.

I am eager for the campaign and ready for action. We need cooperation and a spirit of working together to improve Hancock County. Work with me - I'll work with you, and with the County agencies, for

Utilization of the Unit System to Our Advantage. It will take experience & know-how to implement the

Unit System for our benefit - I have it, and I can do it.

Improved County Employment/Personnel Programs. To prevent service losses caused by turnover, we need more employee benefits, and we need a clear-cut chain of command.

A Full-time County Fire Department. Lower fire insurance rates would be the welcome result.

A Municipal Services Building. We need this to house: a Senior Citizens Center, Mississippi Employment Service, the School Board, Veterans Affairs Office, Health Department, Port & Harbor Administration, and many other public services.

More Sewage & Water Service, especially for Shoreline Bayside, Pearlman, and Duck Bay.

A Better Dump & Recycling. If the dump is set up correctly, we can sell recycled plastic & methane to county industries.

Improved Conditions for Law Enforcement. Hancock County needs support for state-of-the-art patrolmen, to improve law enforcement county-wide.

Four-laning Highways 603 & 43. Four-lane to the county line and improve other much-used city & county roads.

More Progressive Schools. The fastest-growing county needs the most progressive schools in the state.

Better Beach & Recreational Areas. Work with the Beach Advisory Board to protect the more stable beaches, create a buffer zone for parking between the roadway and the beach, and set aside more areas for fishing.

Finally, I am running to attract more businesses and industries to Hancock County for a Better Life for All Hancock Countians. I am running for Supervisor because I want that better life and a prosperous future for all of us. Why do I want that better future? I have three good reasons: my children - Alicia, Alison, and Buddy.

Some 100 species of animals at the San Diego Zoo are luxuriating on the latest innovation in Zoo habitat...waterbeds. Microscopic diamonds older than the sun and the planets have been found imbedded in three different kinds of meteorites. FAA/AIRPORTS DISTRICT OFFICE

October 25, 1987

Mr. Harold "Buz" Olsen
Executive Director
Hancock County Port and Harbor
Commission
Post Office Box 69
Bay St. Louis, Mississippi 39520

Dear Mr. Olsen:

We cannot concur in the proposal to locate a school adjacent to the Stennis International Airport because it would not be compatible with airport operations. By copy of this letter we are also advising the Hancock County Board of Supervisors of their obligations under prior grant agreements "...to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations...."

Specifically, the proposed location is in a future noise zone that will not be compatible for school purposes. Compatible land use in this zone includes agricultural and industrial uses but precludes residences, schools, churches, hospitals, etc.

Notwithstanding the noise impact, there is also a potential safety problem with a large congregation of children in the vicinity of the airport. Airplanes and airport operations arouse the curiosity of children, and there would be the problem of preventing them from gaining access to the operational areas of the airport.

We expect to see an increase in cargo operations at your airport in the future because of the runway length and proximity to New Orleans. These operations would increase noise levels adjacent to the airport, thereby increasing the noise impact on the proposed school. They would also require unrestricted ground access to the airport.

The school with the vehicular traffic associated with it would cause congestion on the access road that could interfere with this traffic and would detract from development of the airport as a cargo facility.

In summary, we object to the proposed school location because it would be incompatible with the operation of the airport because of the noise issue, the potential for safety problems with students entering the operational areas, and school traffic hindering access to the airport.

Sincerely,

Elton E. Jay

SOLUTION TO NEW SCHOOL ISSUE

According to the Federal Aviation Administration, "we object to the proposed school location at Stennis Airpark because of the noise issue and the potential safety problems with large congregations of children in the vicinity of the airport." Due to the future plans of the county and city consolidation possibilities, the only sensible solution would be to build the new Jr-Sr high school in the south central part of Hancock County, School District. The money is already available. Leave North Central as is. A lot of money will be saved and VO-TECH can be made available at both high schools. This will appeal to and improve industry and tax revenue. Let's all save our children.

Citizens of Bay St. Louis

WE NEED YOUR HELP

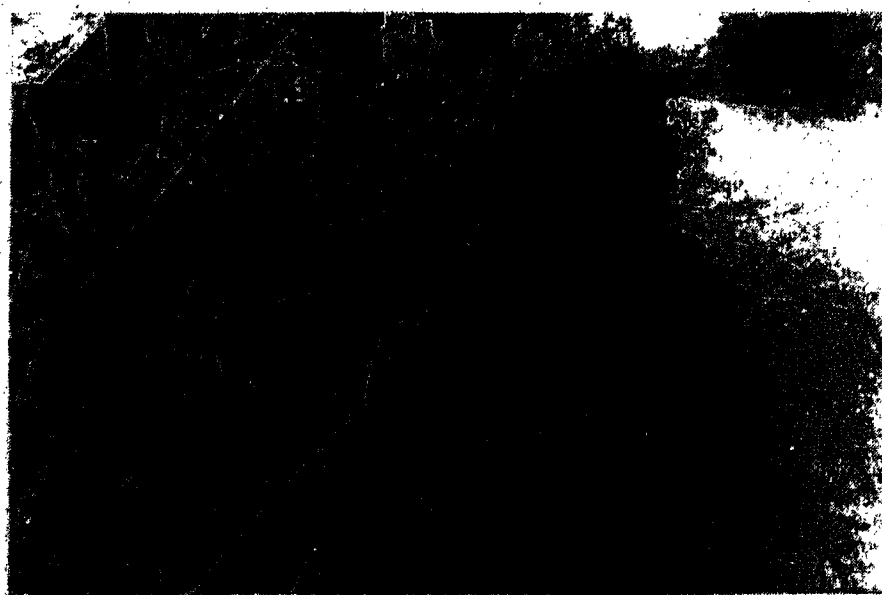

The Mayor and City Council of Bay St. Louis along with Gulf Coast Waste ask for your cooperation with trash and garbage collection in the city.

The following points are highlights of the city ordinance Chapter 11 Article 2:

- * Garbage containers aren't to be larger than 30 gallons and when full should not be heavier than 50 pounds. (For example: Gulf Coast Waste will not pick up any 55 gallon barrels, etc.) Light Commercial establishments are not to exceed a limit of (3) three 30 gallon containers. If waste constantly exceeds this limit, other arrangements will be made.
- * Garbage and trash must be at the curb in front of your house. This does not include vacant lots.
- * Loose trimmings such as leaves, pine straw and clippings are to be bagged or put into disposable boxes.
- * Limbs are to be cut into lengths of 5 feet or less and bundled, not to exceed 75 pounds.
- * It is the responsibility of the individual or hired contractor to dispose of trash generated by roofing, remodeling, landscaping, tree cutting, etc.

Your compliance with this ordinance will prove to be a great help in keeping your city clean and it will also help to ensure a quick, clean scheduled pickup at your house.

Your cooperation is appreciated in helping us maintain a clean community.

This is NOT a proper way for limbs to be placed for collection.

Thank You,
MAYOR VICTOR
FRANCKIEWICZ,
City Council of
Bay St. Louis and

Wal-Mart to open Nov. 1

A ribbon-cutting ceremony is planned to officially open Wal-Mart's newest store, at 454 Hwy. 90 in Waveland. According to company officials, grand opening activities will begin at 9 a.m. on Tuesday, Nov. 1.

Local dignitaries and Wal-Mart executives will be on hand to assist Wal-Mart officials and associates in the ribbon-cutting ceremony. All Waveland area residents are invited to join in the grand opening celebration by stopping in to shop and compare Wal-Mart's quality name brand merchandise at everyday low prices.

"Our Wal-Mart associates are excited about the opening of this store and are eager to begin serving Waveland area residents," said Don Shinkle, Wal-Mart's director of corporate and public affairs. "We are looking forward to becoming active

members of the Waveland community."

As part of the new Wal-Mart's commitment to the community, Shinkle announced that a \$1,000 scholarship will be given to a deserving high school senior from the Waveland area each year. Wal-Mart awarded over \$1.1 million of these scholarships this year throughout its 25-state trade area.

The new 68,907 square-foot Wal-Mart in Waveland, which has been designed as a one-stop family shopping center, will be open to customers Monday through Saturday from 9 a.m. until 9 p.m. and on Sundays from 10 a.m. until 6 p.m. A wide variety of merchandise will be offered in 36 departments including housewares, recreational supplies, household supplies, family clothing and shoes,

electronic and stereo supplies, pet care supplies and health and beauty aids.

In addition, the Waveland store will include a pharmacy offering discount prescription medicine, as well as a full line of over-the-counter products; a snack bar; and an expanded garden center carrying gardening and seasonal merchandise.

All Wal-Mart merchandise is of the highest quality and comes with a satisfaction guaranteed return policy. Just as in the other 1,206 Wal-Mart stores across the country, the Waveland Wal-Mart will feature the company's Everyday Low Price (ELP) program. The ELP program is Wal-Mart's basic philosophy of offering customers quality merchandise at the lowest possible prices every day.

The company is able to maintain its competitive pricing by

committing to lowered operating expenses. These savings are then passed on to the customer in the form of lower prices.

A United Way Agency

Blood bank donations increase

STUDENT BLOOD DONORS—St. Stanislaus students sign-in at a recent Hancock County Blood Bank Drawing held at the Clement R. Bontemps American Legion Post No. 139, Bay St. Louis. D.W. North, right, Legion member; and Lou Wilkerson, Auxiliary member; register the student donors. Some 136 persons responded to the drawing according to John Rutherford, county blood chairman. Doctors, nurses and volunteers assisted members of the American Red Cross during the drawing. The Hancock County Blood Bank is an agency of the United Way of Hancock County. (Echo staff photo by Ellis Cuevas)

The Hancock County Blood Bank has served the residents of the county since 1953. According to chairman John Rutherford, 15-16,000 units of blood have been drawn over the past 35 years.

Supported by the United Way of Hancock County, the Blood Bank sponsors drawings several times a year at various

locations. One hundred and thirty-six units were collected last week at American Legion Post 139 in Bay St. Louis.

Other drawings were held in Waveland by American Legion Post 77 in July and Diamondhead in September, and one is planned for Bay High School in December.

Golden Slipper trio to entertain local nursing home residents

On Thursday, Oct. 27, the residents of Hotel Reed and Miramar Lodge nursing homes will be entertained by the popular Golden Slipper Trio. The program will include melody and musical gems from as far back as the 20's.

Stanley Mendelson, formerly of the Dukes of Dixie, will provide the piano accompaniment. He has performed with major orchestras throughout the U.S. and in Europe.

Walter Chamberlain, presently

manager of the Bay St. Louis Hotel, will provide the vocal solo with his band. Mr. Bay St. Louis Hotel, formerly performed in Zurich, Switzerland.

Walter's band, which includes a variety of instruments, will also perform. The band is currently performing in Bay St. Louis.

Patricia, daughter of Walter, will also perform. The band is currently performing in Bay St. Louis.

CLUBS, AUXILIARIES

American Legion Auxiliary Unit 139

The Clement R. Bontemps American Legion Auxiliary Unit 139 sponsored the regular monthly birthday party for the residents of the Hotel Reed Nursing and Retirement Home on Tuesday, Oct. 18.

Mrs. Lena Mae Oustalet played the piano while Mmes. Roslyn Weathers led the singing and Oris Planchard and Pat Gillan went among the residents to encourage them to join in the activity. While the singing of 'Happy Birthday' was going on, gifts were handed out to the celebrants which were happily received.

The dining area was tastefully decorated in a Halloween motif by Mrs. Beth, director of activities, and the residents enjoyed the atmosphere. Refreshments were served.

The auxiliary hosted an ice cream and cake party for the veterans in Ward 41, at the Gulfport VA Hospital on Tuesday, Oct. 18.

Mrs. Susan Piazza was elated at the warm response the veterans enjoy at this activity. The veterans look forward to this treat every month.

A picnic for 92 veterans of the Gulfport Veterans Hospital on the 'Farm' was hosted by the auxiliary. The veterans enjoy these outings very much and look forward to them. Vic Greene entertained with music, and some of the veterans joined in the singing.

The volunteers who participated in this activity were Mmes. Susan Piazza, Phyllis Moran, Evelyn Burns, Judy Gavney, Ursulaq Favre and Mr. Jesse Burns.

Clement R. Bontemps Unit 139 held its annual Harvest Ball on Friday, Oct. 14 at the Legion Home. Each year they celebrate by crowning a king and queen of the harvest and their court.

This year Roy Tomlinson was king and Judy Gavney was queen. The duke and duchess were Donald Simoneaux and Jo Ellen Sandrock.

The princes and princesses were Arnold Cosse, Henry Tregel, Hazel Breland and June Trousellet.

Baron was Otis Bounds and baroness was Paula Carrie Morel. The court jesters were Lester Alberes and Wanda Bergeron. The foot for the court was Jesse Burns, and the maid for the court was Jeanie Simoneaux.

The harvest ball proceeds are used to buy gifts for the veterans' Christmas workshop at the Gulfport VA Hospital.

The auxiliary sets up a department store where the patients are able to shop for family members. The gifts are free and mailed to the family at no cost to the patients. Sometimes these are the only Christmas gifts their children receive.

Persons who missed the dance can still donate to this worthy cause. Send donations to American Legion Auxiliary Unit 139, P.O. Box 362, Bay St. Louis, or contact Susan Piazza at 467-0175.

PASS CHRISTIAN

Tops 213 Pass Christian met Oct. 18. Top loser for the week was Delores Sherman.

'Team Contest' winners were Trish Prendergast, Jennie Armato, Marian Torgeson, Nora Carrubba and Dolly Wilson. Each received a charm.

Club members will be attending the area meeting in Gautier on Thursday, Nov. 10 at 7 p.m. The club invites anyone interested in weight control to visit at any meeting.

The meeting is every Tuesday at the Pass Christian Library on Hiam Avenue, 6-30-7:30 p.m. Weigh ins are 5:30-6:30 p.m. Call Gayle Arnold, 467-7198 or Jeannie Livings at 452-9706 for information.

Pass Christian VFW Auxiliary

The Ladies Auxiliary of Post No. 5931, Cecil R. Ruddock, Pass Christian, held its monthly dinner for the VA patients from Gulfport on Oct. 20 at 11:30 a.m.

Thirteen members of the auxiliary and six men from the post helped serve the dinner to 16 patients, two drivers and two nursing employees. A delicious dinner of fried chicken, creamed potatoes, gravy, peas, garlic bread, brownies, cake, ice cream, coffee and tea was enjoyed by everyone.

Country music was played and songs sung by Vic Green of Ansley Post No. 4808. It was enjoyed by all present.

Hancock County Historical Society

The next meeting of the Hancock County Historical Society will be at noon Oct. 26 at the Landmark Restaurant in Bay St. Louis. Guest speaker will be Mrs. Helen Mestayer, Chapter 1 coordinator for Hancock County Schools. Topic of discussion will include computer assisted instruction in Hancock County Schools.

Hancock County Schools are the first in Mississippi to use the Microhost, a powerful minicomputer to offer an advanced audio-reading course from Computer Curriculum Corporation. All members and the public are invited to attend this dutch treat luncheon.

Mizell, Hartwell chair CHS annual 'Toast to the Coast'

Coast Episcopal Schools Parent-Teacher Organization is presenting its fifth annual celebration of life on the Mississippi Gulf Coast—the 'Toast to the Coast.'

What started as one woman's idea to raise money for the school has grown into one of the social highlights of the year for the Gulf Coast with guests attending from Waveland to Ocean Springs and from New Orleans, Mobile, Hattiesburg, and all points in between.

The originator of the Toast to the Coast idea was Mrs. Paul Westervelt Jr. of Pass Christian, said co-chairman Mary Mizell who was PTO president in 1983, the first year of the

Toast to the Coast.

Mrs. Westervelt believed that a project dedicated to promoting the best of the Gulf Coast would be a success, and she inspired the many parents and friends of Coast Episcopal to work with her and to believe in its success said Mizell.

"Today the Toast to the Coast has grown and continues to be successful because of the generosity of the community and the hard work of the members of the PTO committees," said co-chairman Sandy Hartwell.

Committees such as the silent auction, chaired by Malin Chamberlain assisted by Marilyn Mestayer and Ellen Kane, and the live auction, chaired by

Ann Hopper and Julie Westervelt, gather donations of art, clothing, jewelry and antiques from area merchants.

Restaurants committee chairman Kathleen Theriot with Barbara Dauterive arrange with the restaurants and caterers to serve their specialty dishes and customers' favorites.

Other committee chairmen are Sandra Shellnut, decorations; Roy May and Susan Caron, grounds; Blair Lambert, beverages; Mimi Salloum, patrons; Martha Levert, invitations; Lucille Mortimer, tickets; and Patty Hourin, publicity.

WEDDINGS, ENGAGEMENTS

Leslie Carver became the bride of Steven Patrick Hoda in a recent afternoon ceremony at Our Lady of the Gulf Catholic Church. The Reverend Pete Mockler celebrated a Nuptial Mass and officiated at the double ring ceremony.

The bride is a daughter of Mr. and Mrs. Donald R. Carver and the groom's parents are Mr. and Mrs. Pat Hoda, all of Pass Christian.

Musical selections were provided by Mrs. John McKenna of Bay St. Louis.

Given in marriage by her father, the bride wore a formal gown of taffeta with ballgown sleeves and fitted bodice adorned with venise lace and seed pearls and basque waistline. The full skirt extended to a chapel train. Her bridal portrait hat was adorned with pearl beading and featured a veil of silk illusion.

She carried a cascade of white silk roses, rosebuds, apple blossom spray and aqua baby's breath with pastel blossoms.

Paullette Necaise of Rocky Hill, cousin of the bride, was maid of honor.

Bridesmaids were Missy Ladner of Long Beach, cousin of the groom; Suzanne Thomas of Bay St. Louis, cousin of the bride; Jennifer Carver of Rocky Hill, sister of the bride; and Priscilla Hoda of Dedeaux, sister of the groom.

Jennifer Peterson of Rocky Hill, cousin of the groom, was flower girl.

The attendants were attired

in taffeta gowns of rainbow hue, each with off-the-shoulder treatment and matching gauntlets, basque waistline and full skirt with ruffled hemline.

They carried silk rosebuds and baby's breath in complementary colors.

Kelvin Niolet of Dedeaux, cousin of the groom, was best man.

Groomsmen were Arthur Ray Ladner, Dennis Necaise,

and Eddie Peterson, cousins of the groom, and Glen Cuevas, all of Rocky Hill.

Ushers were Greg Thomas of Bay St. Louis and Rodney Necaise of Rocky Hill, cousins of the bride and groom, respectively.

Donnie Carver of Rocky Hill, brother of the bride, was ring bearer.

Miniature bride and groom were Courtney Ludlow and Blake Bilbo of Bay St. Louis, cousins of the bride.

A reception followed at the American Legion Hall in Kiln. Assisting were Margaret Necaise, Donna Buszkiewicz, Sharon Hoda, John Ludlow and Michael Schwartz.

The couple resides in Pass Christian.

INVITATION TO THE CITIZENS OF THE BAY ST. LOUIS-WAVELAND SCHOOL DISTRICT

The members of the Bay St. Louis-Waveland School Board and I cordially invite all of you - citizens of the school district - to visit your public schools. Your hard earned tax money has been put to good use through major improvements to Waveland Elementary, North Bay Elementary, and Bay Junior High.

The schools belong to you. The school staff, the school board members, and I will be greatly honored by your visit to the schools anytime between the hours of 7:30 a.m. and 3:30 p.m. on school days, or you may schedule a tour by calling 467-6621.

See your schools in action.

HISTORIC HOME TOUR—Larry Timmerman, above center, welcomes visitors to 341 Main Street, a restored 1840s cottage he shares with Larry Heller, during a recent tour through Bay St. Louis. Below, Heller, left, entertains in one of the rooms added to the cottage last year. The addition, modeled after the original section, includes a number of antique pieces as does the cottage. Heller and Timmerman, both active in the Hancock County Historical Society, volunteered to include their home on a tour arranged by Coasting and Company of Gulfport in hopes of attracting future tours to Bay St. Louis. Charles Gray, historical society president, and Mayor Victor Franckiewicz Jr. addressed the tour on the history of the area. Other stops included the Pass Christian Town Library, the renovated Bay St. Louis City Hall, which was built between 1903 and 1905; and a number of antique shops. The Kate Lobrano Cottage, the historical society's new headquarters, was not ready for the first tour but is expected to be an added stop on any future tours, Heller said. Anyone interested in arranging a future tour may contact Heller at 467-1304. (Echo staff photo by Dena Bisnette)

Coast Antique Dealers plan November show

The Antique Dealers Association of the Gulf Coast has elected new board members. They include Dorothy Brown of Bay St. Louis, president; Ted Ward Jr. of Gulfport, vice president; W. H. Campbell of Ocean Springs, treasurer; Bobby Jean Ward of Gulfport, secretary; and Dr. Larry Heller of Bay St. Louis, publicity chairman.

The Gulf Coast Antique Association was founded in 1972 and exists to promote better knowledge of antiques and collectables throughout the Gulf Coast. It is a non-profit organization. Meetings are held monthly at local Coast restaurants.

Membership includes a strict code of ethics. Honesty and integrity are important business concepts for all members. Membership includes Plantation Country Antiques and Countryside Collectables, Waveland; Antique Arcade, Evergreen Antiques and Halcyon House Antiques, Bay St. Louis; Pass Christian Antiques

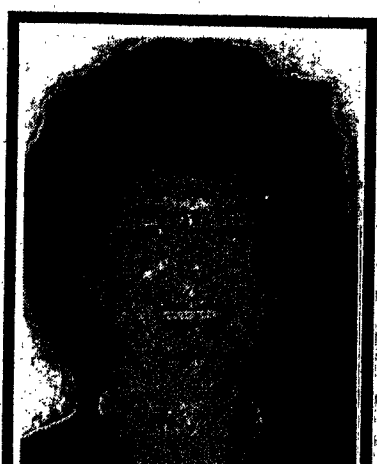

and Elizabeth Pritchard, Pass Christian.

Also, Adam's Antiques, Alston's Antiques, Schmidt's Antiques, Carrie Collectables and Refinishing, Wards' Antique Brass, Capital Antiques and Betty J. Robert, Gulfport; Hobby House Antiques, Ocean Springs Antiques and Old Town Antiques, Ocean Springs; and Whitehouse Antiques, Pascagoula.

Throughout the years this association has put on antique shows and sales and the proceeds have gone to worthy organizations as the Special Olympics, Mississippi Home for Special Children; and the Diamondhead School.

This year's show will be presented Nov. 4, 5 and 6 at the Westside Community Center, 4010 W. Beach Boulevard, Gulfport. Admission for the show and sale is \$2. Local Gulf Coast antique dealers mentioned above offer discount cards to this show. For information con-

tact Dr. Larry Heller, show chairman, at 467-1304 after 5 p.m.

RELIGION

Reflections

Human faith is shaky

By Fr. Jerome LeDoux, SVD

Ronnie Black was one of 107 passengers on Delta flight 1141 who had to wonder about human faith. Dozens of times a day, in many different places, under a variety of circumstances, we take human faith for granted. Things will continue to go as they always have. So dependent are we on human faith that scarcely a thing can happen in our lives without it. We awaken in the morning, trusting that the house is not full of gas and about to choke us or explode due to the negligence of a plumber.

Further, we trust that the house won't burn down because some electrician has done a faulty wiring job.

Speaking of faulty, something had to be faulty in the jetliner on Delta flight 1141. Whether it was compressor stall in the engines or a balky part of the flaps, someone either made inferior metal parts or did a defective engineering job on the airplane.

When we step into a car, bus, train or airplane, we take many things for granted. In short, we make a big act of human faith. Without saying it, we believe that the machine is of good design, has been properly maintained and has the proper fuel.

We seldom pause to reflect that, on several occasions, newly constructed NASA rockets were X-rayed and found to contain objects such as combs and pop bottles. These are the world's best!

So is the Boeing 727, which is the all-time production champion among planes, sporting over 1,700 copies worldwide. The 727 has the reputation among pilots and air line officials of being the safest plane in the world, although some 53 of them have crashed.

That is not bad at all for a 20-year record, but it still emphasizes just how defective are even the best things which we are able to produce. It is a profound act of human faith to step into the safest airplane which humankind has managed to build.

Yet, Ronnie Black did it twice. Just hours after the deadly run of Delta flight 1141 on Aug. 31, he boarded flight 1141 once more. Once more, flight 1141 developed something akin to compressor stall. But this time the pilot aborted takeoff.

Determined to get to Alaska, Ronnie caught his breath, sucked in his pride, got a handle on his jittery nerves, and boarded yet another plane which got him to his destination.

Believe it not, Ronnie did not take any more chances than all of us take very day. The only difference was that he was forced to face and acknowledge the risks he was taking, while most of us hardly ever mull over the risks in our lives.

It takes a greater act of faith to board a car than a plane. Every few months, more people perish in cars than have died in the entire history of commercial aviation.

We need more faith to breathe than to fly. Certainly, many thousands more of us will die by breathing polluted air than by flying through it. The health of our lungs and our life itself are in the hands of those who constantly poison our atmosphere.

Mechanics and used-car salespersons call on the deepest

reserves of our faith for all these reasons, and more. So do doctors and nurses, despite the fact that most of them are good.

Cesar Chavez, Ralph Nader and other keep us on our toes about the many life-threatening hazards of eating, drinking, living.

Risk we must. Our most intimate human relations are built precariously on human faith. Marriage, with all its ideals, doubts and failures, is definitely on top of the list. Risk we must, and, God willing, we shall take our risks wisely, but unafraid.

Local Wycliffe banquet to feature report on Bible translation

An inspiring firsthand report on the work of Bible translation will be presented by a veteran missionary speaker at the upcoming Wycliffe Associations banquet in this area.

As the lay ministry of Wycliffe Bible Translators, Wycliffe Associates involves lay people from communities across the nation in programs that support Bible translation.

The local banquet will begin at 7 p.m. on Nov. 11 at Holiday Inn Airport, Hwy. 49 and I-10. Tickets to this event are complimentary; opportunities are provided for financial participation.

NEW PARTNERSHIP—Antiques and Goodies Galore, 131-C Main Street, has recently reopened. Barbara Blanchard, seated, is a new partner in the business, and Ed Jurkowski is one of the original proprietors. The shop has also expanded its line to include gift items, Christmas decorations and some linens in addition to antiques and religious items. More information can be obtained by calling the shop at 467-8307. (Echo staff photo by Dena Bisnette)

Tickets and information may be obtained from Oren and Dorothy Miller by calling 831-4173, or Carol Vegas at 467-4778.

The banquet will include timely reports of Wycliffe's progress in Bible translation and will highlight special projects to launch new work in several countries.

Besides the featured sharing from the Wycliffe missionary, the banquet also includes dinner, audiovisual presentations, Christian fellowship, and details on the many ways lay people can become directly involved in supporting the work of Bible translation.

ASK US!

WILL FRANK HILLE'S SERVICE PROTECT MY NEW CAR WARRANTY?

YES! This maintenance may be done at any automotive service or repair establishment, not only the car manufacturer's dealership. It's essential when changing oil that you use only the quality and viscosity recommended in your owner's manual. Most 1980 and newer cars, for example, require SF/CC or SF/CD quality oil.

Frank Hille only sells oils, lubricants and filters that meet the specifications of every domestic and foreign car manufacturer.

Car manufacturers recommend frequent oil changes as the best way to reduce engine wear, expand engine life and to provide greater fuel economy. Regular maintenance including oil changes, as specified in your owner's manual, is necessary to protect your new car warranty. We also recommend that you save your receipts with your car warranty booklet. This proof of regular maintenance will satisfy your warranty requirements and can increase the resale value of your car.

WHAT YOU SHOULD KNOW ABOUT HYSTERECTOMY
Dr. Arthur A. Cairns, OB/GYN
Tuesday, October 25/NOON

Hysterectomy is a common major operation. 600,000 to 700,000 are performed in the United States each year. Since it is important for women to know about hysterectomies, the Women's Center has asked Dr. Arthur A. Cairns, Board-Certified Obstetrician and Gynecologist to discuss such concerns as: why have a hysterectomy, alternative treatments, benefits, risks, temporary effects and types of anesthesia.

MATCHMAKING: FORMING THE BEST ROMANTIC RELATIONSHIP
Steve Southern, Ed.D. (Therapy Consultation)
Tuesday, October 25/7:30 PM

Steve Southern, Ed.D., Sexual Marital Therapist, from the Sexual Medicine Institute of Southeastern Louisiana will present a program that will involve: understanding your personality pattern with your unique needs and desires and building a romantic relationship with the partner who best meets your needs. The first half of the workshop will focus on assessing your personality traits. The remainder of time will be devoted to helping you identify the complementary traits/characteristics in a romantic partner. He will also explore the qualities of an exciting, healthy love bond.

WOMEN OVER 40—MENOPAUSE SUPPORT GROUP
Fern Halford, BSNW (Aptaker & Associates)
Thursday, October 27/NOON

A group discussion for women anticipating or experiencing changes linked to menopause. These changes often cause discomfort or anxiety. Understanding such changes and being informed through participation in a support group promotes a positive attitude. Fern Halford, Clinical Social Worker, Aptaker Psychological Associates will lead the group discussion and offer suggestions.

OUR CLASSIFIEDS ARE HERE FOR YOU!

And now when you use the coupon below you can save like never before on your classified ads by paying in advance!

- HERE'S HOW:**
- Write your ad message in the spaces below. Avoid abbreviations, for we cannot be responsible for misinterpreting any important words or phrases. Please use only one word for each space below. Any standard English word is considered to be one (1) word. Any price or phone number you list is also considered to be one word each.
 - Include a phone number or address, so potential buyers can reach you.
 - Ads are only payable in advance.
 - \$2.25 minimum for 15 words or less per issue. Over 15 words an additional 15¢ per word.
 - Normal classified deadlines apply.
 - We reserve the right to reject any ad copy we feel is questionable.
 - We must have both your ad and your payment in advance.

Please be sure to use this coupon to take advantage of the special. Include your payment of 15 words per each issue you want your ad to run.
